

Good Neighbor Health Clinic Red Logan Dental Clinic

"A community where people have access to the health resources they need to reach their potential for mental, physical, and social well-being."

I Got My Smile Back

Prior to having restorative dental work at the Red Logan Dental Clinic, Brenda said she often felt "invisible." She said missing or damaged teeth made her not want to smile or laugh and eating some foods was difficult. These issues impacted her quality of life and her confidence.

Fast forward to 2023 and after nearly one year of care from Red Logan, her smile is back along with a burst of confidence. "Now I smile all the time," she says. "I can eat whatever I want and my mouth doesn't hurt!"

A life-long resident of the Upper Valley, Brenda works for a local hotel. She says that finding the Red Logan Dental Clinic and being treated by Dr. Kristin Bradley and the team "has changed my life. I can't thank them enough for what they did for me. I feel so much better and am more confident. I got my smile back!"

Hello friends,

More than three decades ago, a dedicated local group of providers and community leaders came together with the goal of providing quality healthcare and services to those in need. All care would be provided at no cost to the patient.

The original plan for Good Neighbor Health Clinic was considered a short-term bridge to quality care until universal healthcare was established. Though this has not yet taken place, the evident need for access to affordable healthcare has never been greater.

We are proud that thirty years later we are able to serve the community in this way. This is only possible due to the support of our volunteers, staff, and donors.

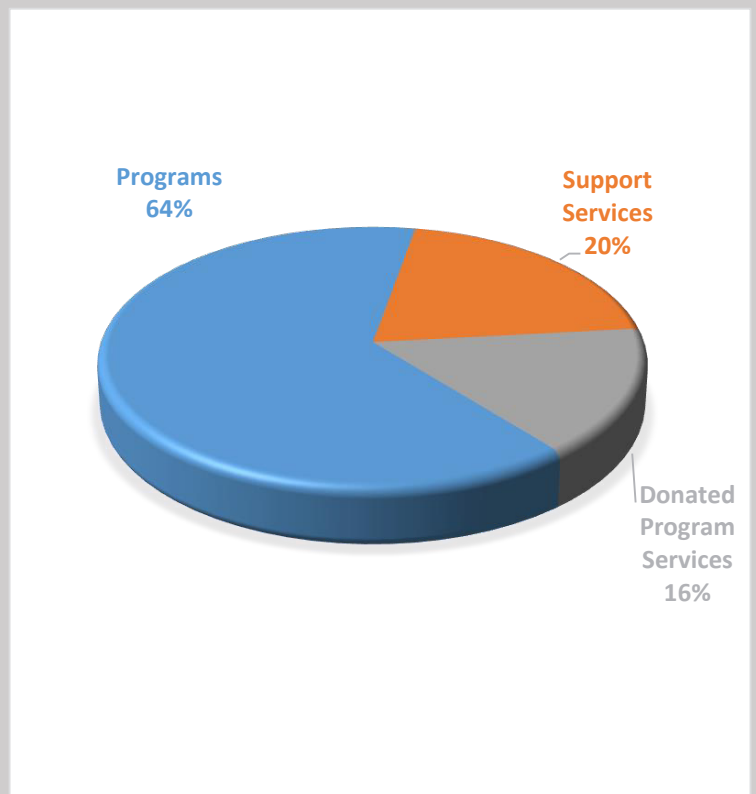

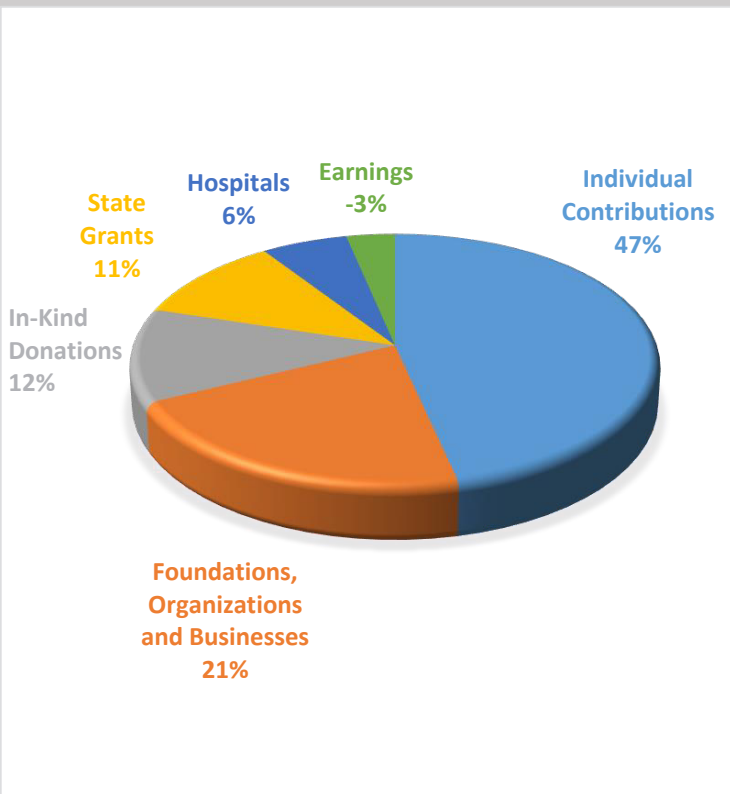

On behalf of our board, I thank you for your dedication to your neighbors and for joining us in our journey to make the Upper Valley a healthier place for all.

Yours in good health,
Craig R. Westling
Board Chair

Statement of Revenue and Expenses 7/1/2021 - 6/30/2022

Revenue \$1,250,539

Expenses \$1,015,417

YOUR IMPACT ON OUR NEIGHBORS

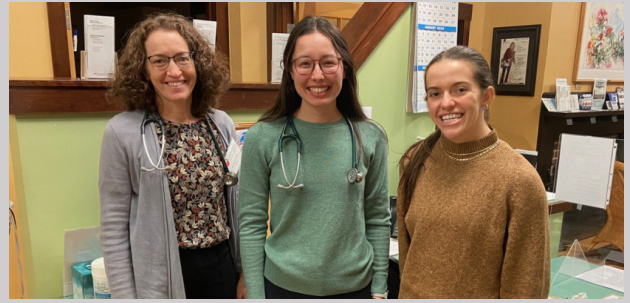

“Each of you plays a part in making this establishment as wonderful as it is. You all are part of that exceptional group of people that helps others without expectation, that expresses dignity and humanity for those in their care. Giving from the heart is one of the best qualities one can possess and no doubt, the greatest gift given to others. May your hearts remain full. Thanks for all you do!”

“To the amazing staff of the Red Logan Dental Clinic, I just wanted to express my overwhelming gratitude for everything you’ve done for me and what you continue to do for me and the community as a whole. Your kindness and compassion does not go unnoticed.”

“Before my mother passed away, she received services through your clinic and while it helped her medically, it also helped her realize she had worth, even if she didn’t have resources.”
