OUR MISSION

Good Neighbor Health Clinic is a non-profit organization that delivers free, high-quality medical and dental care, helping Upper Valley residents who are facing financial hardship to live healthier lives.

3

WELCOME!

We're excited to share our Fiscal Year 2025 accomplishments with you!

4&5

THE YEAR IN REVIEW

Healthcare will continue to shift, but we remain committed to providing cost-free, high-quality care. We are able to do this work because of your generous support and belief in our mission. Thank you for helping us care for our neighbors!

FUEL WHAT'S NEXT

DEAR NEIGHBOR,

As we reflect on the past year at Good Neighbor Health Clinic, I am filled with deep gratitude and pride to be a part of such a resilient community. Our work to advance health, increase access, and stand alongside those most in need has never felt more vital—or more supported.

In the years since the pandemic, healthcare has remained a space of rapid change, uncertainty, and growing demand—especially in rural communities like ours. Amid these challenges, one truth has remained clear: the success of our mission is made possible by you.

Thanks to the trust, generosity, and commitment of our community, we've not only endured—we've grown stronger. Your belief in our work, your investment in our services, and your partnership have allowed us to respond with compassion, expand our reach, and deliver care that uplifts lives. Together, we've built something truly impactful: a healthier, more connected community for all.

This year's accomplishments reflect more than numbers or outcomes—they represent moments of healing, stories of resilience, and the power of collective care. Every step forward has been made possible by those who continue to show up: our volunteers, donors, partners, and neighbors. I am deeply grateful for the opportunity to lead Good Neighbor Health Clinic through this time of immense challenge and transformation in healthcare. The heart of our work lies in community, and this year—like every year—you reminded us of just how strong that heart is.

Thank you for being part of the Good Neighbor Health Clinic family. We are honored to serve this region, and with your continued support, we look ahead with hope, strength, and purpose.

THE YEAR IN REVIEW

Good Neighbor Health Clinic is a proud member of the Vermont Free & Referral Clinics, one of nine free clinics in the state of Vermont. Our organization actively collaborates with regional hospitals and health centers to support initiatives aimed at providing better care for our neighbors here in the Upper Valley. We are deeply grateful for the community support that allows us to deliver and expand the reach of these cost-free services to residents of New Hampshire and Vermont.

51% of our patients were from Vermont and
47% of our patients were from New Hampshire

\$779,071+

of medical, dental, and mental health services
were provided at no cost to our patients

1,001

referrals were made to access
social services like housing,
transportation, and additional care

57

individuals engaged in
tobacco cessation support

34

full and partial dentures were
made to restore dental
function

900+

items were distributed
through the harm-
reduction vending machine

232

extractions were completed
to relieve pain and prevent
infection

461

dental hygiene
appointments were
completed

55% OF PATIENTS DELAYED CARE BEFORE REACHING US.

Your support ensures more community members can access cost-free care, before their health and dental needs worsen.

WHAT YOUR GIFT CAN DO

\$79

purchases
eyeglasses for a
neighbor

\$250

provides a dental
extraction, helping
to relieve tooth pain

\$500

provides consistent
medication access
for a neighbor in
need

Thank you for all that you've helped us accomplish this year.

YOU CARED FOR MORE NEIGHBORS IN NEED

Because of you, more people in the Upper Valley got the care they needed. Over the past year, we completed **2,230 appointments** for **878 patients**. One third of **those individuals** were **coming to our clinic for the first time**.

YOU CREATED MORE OPPORTUNITIES FOR HEALTH ACCESS

With your help, we hosted our **first annual vaccination event** protecting community members from seasonal illness, **installed a point-of-care laboratory** in the medical clinic, **installed a harm-reduction vending machine** behind our clinic, and **strengthened partnerships with local organizations** to better support our patients in meeting their needs.

With the support of our partners, neighbors were able to access nutritious food right after their appointments!

Clothes, personal care, and other helpful items remained available to neighbors through the community corner!

A total of 293 vaccinations were given last year!

Neighbors were able to receive blood pressure checks during community events!

YOU HELPED US IMPROVE OUR SERVICES

Thanks to your continued support, the dental clinic was able to install **2 new x-ray heads**. These **upgrades allowed the dental clinic to see more new patients and eliminate the new patient waitlist**.

51

licensed medical and dental providers cared for our community members

3,658

hours of care were volunteered across the medical and dental clinic.

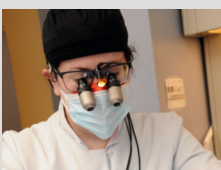

The point-of-care lab installation enabled diagnostic testing during a visit; patients don't need to travel elsewhere for these services.

Dr. Keith Rogerson, DMD received this year's 'Neighbor of Hope' award highlighting his years of volunteer service.

Thanks to the support from the community and local organizations, the harm-reduction vending machine remained stocked and accessible 24/7!

"I am always grateful for the kindness extended to me - from the minute I arrive to when I walk out the door. The dental work I receive is done professionally and thoroughly - how grateful this makes me!"

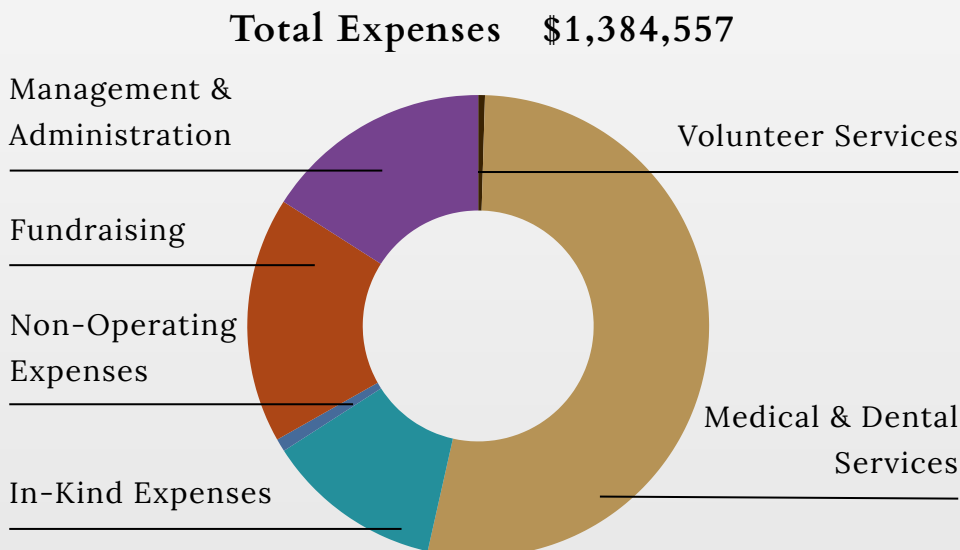

- A Red Logan Dental Clinic Patient

FISCAL YEAR 2025 FINANCES

FUEL WHAT'S NEXT

For over 33 years, Good Neighbor Health Clinic has been a place where neighbors help neighbors get the care they need; care they would not be able to get on their own. We stay committed to this work because the need continues to grow. With your support, we will continue to build and adapt to meet the evolving care needs here in the Upper Valley.

Thank you for being a Good Neighbor.
